GLOBAL STYLE BLOCK — Paste at top of every Kittl prompt

Canvas: 1080×1080px · Background: #0A1628 (deep navy) · Primary accent: #C9982A (gold/amber) · Body text: #FFFFFF white · No gradients, no drop shadows, no stock photography, no illustrated people · Headlines: heavy condensed sans-serif, all caps, tight tracking (Bebas Neue or Anton) · Subtext: light weight sans-serif or serif · Bottom-left corner: 'safeneighbor.us' in small gold monospace · Style: protest poster meets civic institution — stoic, authoritative, flat, graphic.

EMERGENCY MODE — HOW IT WORKS

INSTALLS

AUDIENCE

PLATFORMS

Instagram, Facebook, LinkedIn

STRATEGY NOTE

Week 1 named Emergency Mode. Week 2 shows it. This post walks through exactly what happens when someone taps that button — scenario selection, guided scripts, real-time encounter support. People install the app when they understand what it actually does.

KITTL PROMPT (paste after Global Style Block)

Three-panel instructional layout on deep navy (#0A1628). Top third: 'EMERGENCY MODE.' in heavy condensed white all-caps, left-aligned, large. Gold (#C9982A) 3px horizontal rule below headline. Middle section: three numbered steps in a vertical stack — each step has a small gold circle with number (01, 02, 03) in navy, followed by short white sans-serif text: '01 — Tap EMERGENCY' / '02 — Choose your scenario' / '03 — Follow your guided script.' Step text in light white sans, 14–16px, left-aligned with consistent indent. Bottom band: full-width gold (#C9982A) bar — inside in navy small caps: 'GUIDED SCRIPTS FOR LIVE ENCOUNTERS · safeneighbor.us'. Mood: A step-by-step field manual. Clear. No panic. You've been here before.

CAPTION

When the knock comes, you don't have time to think. Emergency Mode does the thinking for you.

Tap EMERGENCY → Choose your situation → Follow your guided script.

Traffic stop. Door encounter. Stopped on the street. Each one has its own set of calm, legally grounded words — exactly what to say, step by step.

Free. Offline. No sign-up. safeneighbor.us

LINKEDIN NOTE

On LinkedIn, lead with: 'We built a tool that gives you the exact words to say during a law enforcement encounter. Here's how it works in three steps.' — frames it for partners and legal orgs.

EVIDENCE VAULT — YOUR PROOF, YOUR DEVICE

INSTALLS

AUDIENCE

PLATFORMS

Instagram, Facebook, X/Threads

STRATEGY NOTE

The Evidence Vault is a key trust differentiator — local storage, no cloud, client-side encryption. Most people don't know this exists in a free app. Lead with the privacy angle, not the recording angle.

KITTL PROMPT (paste after Global Style Block)

Bold typographic post on deep navy (#0A1628). Top 60%: the word 'YOURS.' in the heaviest possible condensed gold (#C9982A) all-caps — massive, left-aligned, filling available width. Below a 2px gold rule: three short white lines in light sans-serif, left-aligned — 'Stored on your device.' / 'Encrypted by default.' / 'Never uploaded without your action.' Each line preceded by a small gold checkmark (✓). Below that in smaller italic white serif: 'The Evidence Vault — SafeNeighbor.' Bottom-left: 'safeneighbor.us' in gold monospace. Mood: A property deed. This is yours. Full stop.

CAPTION

Your recordings don't live on our servers. They don't live in the cloud. They live on your device — encrypted, inaccessible to anyone who doesn't have your PIN.

✓ *Stored locally on your device* ✓ *Encrypted by default* ✓ *Never uploaded without your explicit action*

The Evidence Vault exists because documentation matters — and because your evidence belongs to you.

THE 4TH AMENDMENT — SEARCH & SEIZURE

AUDIENCE

INSTALLS

PLATFORMS

All platforms — high share potential

STRATEGY NOTE

Rights education is the most shareable content SafeNeighbor produces. Keep it specific and practical — not a civics lecture, but a tool. The Fourth Amendment is the most encountered right in day-to-day life. This post teaches the one phrase that matters most.

KITTL PROMPT (paste after Global Style Block)

High-impact protest poster design on deep navy (#0A1628). Large type, left-aligned, top 65% of canvas: 'I DO NOT CONSENT TO ANY SEARCHES.' in heaviest condensed white all-caps — each phrase on its own line if needed, tight leading. The word 'CONSENT' highlighted — set in gold (#C9982A) instead of white. Below 2px gold rule: small light white sans-serif — '4th Amendment. You have this right.' Full-width gold (#C9982A) bar at very bottom — inside in navy small caps: 'SAFENEIGHBOR.US — FREE CONSTITUTIONAL RIGHTS TOOLS'. Mood: A legal declaration. The kind of thing someone screenshots and memorizes.

CAPTION

Six words that activate your Fourth Amendment rights:

'I do not consent to any searches.'

You don't need to explain why. You don't need to be hostile. You just need to say it — calmly, clearly, once.

The Fourth Amendment protects you from unreasonable searches and seizures. Invoking it is not resistance. It is the law.

Save this. Share it.

FAMILY PREP WIZARD — BUILD YOUR PLAN

INSTALLS

AUDIENCE

PLATFORMS

Instagram carousel, Facebook, LinkedIn

STRATEGY NOTE

The Family Prep Wizard is an emotionally resonant feature — it's about protecting people you love before something happens. Lead with the outcome (a bilingual PDF plan your family can follow) not the feature name. This drives installs from families, parents, and community organizations.

KITTL PROMPT (paste after Global Style Block)

Structured instructional carousel — 4 slides, 1080×1080px each. Same template across all. Slide 01 — Cover: 'FAMILY PREP WIZARD.' in heavy condensed white all-caps, large, left-aligned. Subtext: 'Build your emergency plan in minutes.' Gold rule. Bottom-left: 'safeneighbor.us'. Top-right: '01/04' in small gold monospace. Slide 02 — Step 1: Gold circle '01' top-left. Headline: 'ADD YOUR CONTACTS.' Body: 'Name trusted family members and emergency contacts.' Icon: small gold phone outline. Slide 03 — Step 2: Gold circle '02'. Headline: 'ANSWER THE QUESTIONS.' Body: 'The wizard walks you through your household's specific needs.' Icon: small gold checklist. Slide 04 — Output: Gold circle '03'. Headline: 'GET YOUR PDF PLAN.' Body: 'Bilingual. Printable. Ready when you need it.' Bottom strip: full gold bar — 'FREE · OFFLINE · safeneighbor.us' in navy caps.

CAPTION

The best time to make a plan is before you need one.

The Family Prep Wizard walks you through your household's specific situation and generates a bilingual (English + Spanish) PDF emergency plan — printable, shareable, and ready before anything happens.

BUILT FOR YOUR CLIENTS

PARTNERS

AUDIENCE

PLATFORMS

LinkedIn primary, Facebook secondary

STRATEGY NOTE

This is your direct outreach post to civil rights orgs, legal aid nonprofits, public defender offices, and immigrant advocacy groups. The framing is: we built the tool your clients need and can't always reach you for at 2am. Calm, principled, professional — not asking for anything, offering something.

KITTL PROMPT (paste after Global Style Block)

Clean, professional design on deep navy (#0A1628). Top section: small gold label pill — 'FOR LEGAL AID · CIVIL RIGHTS · ADVOCACY ORGS'. Headline: 'YOUR CLIENTS NEED THIS.' in heavy condensed white all-caps, large, left-aligned. Gold 2px rule. Below: three short white lines in light sans — 'Free constitutional rights tools.' / 'Available 24/7 — offline.' / 'No sign-up. No data collected.' Below: 'We built SafeNeighbor for the moments you can't be there.' in light italic white serif. Bottom-left: 'safeneighbor.us' in gold monospace. Mood: A professional introduction. Earned confidence, not a pitch.

CAPTION

To civil rights organizations, legal aid offices, public defenders, and advocacy groups:

SafeNeighbor is a free, nonprofit civic technology platform built for the moments your clients face alone — a knock at the door at 6am, a traffic stop, a street encounter.

Guided rights scripts. Evidence documentation. Family emergency planning. Attorney directory. All free. All offline. No sign-up required.

We'd love to connect. If this serves your community, share it — or reach out to explore how we can support your work.

THE FIFTH AMENDMENT — YOUR RIGHT TO SILENCE

AUDIENCE

INSTALLS

PLATFORMS

All platforms — highest share potential of the week

STRATEGY NOTE

A direct companion to Week 1 Day 5. That post declared the right to remain silent. This post teaches exactly how to invoke it — the specific Fifth Amendment language, what it covers, and what it doesn't. Highly shareable, highly saveable.

KITTL PROMPT (paste after Global Style Block)

Maximum typographic impact on deep navy (#0A1628). Stacked statement layout — three lines descending in size: Line 1 (largest): 'I INVOKE' — heavy condensed white all-caps. Line 2 (same size): 'MY FIFTH' — same weight, white. Line 3 (same size): 'AMENDMENT RIGHT.' — same weight but set in gold (#C9982A). Below 3px gold rule: small light white sans — 'To remain silent. To not answer questions. To speak only with an attorney.' Full-width gold bar at bottom — 'SAFENEIGHBOR.US · FREE CONSTITUTIONAL RIGHTS TOOLS' in navy caps. Mood: A legal declaration etched in authority. Memorize it.

CAPTION

The Fifth Amendment gives you the right to remain silent. Here is the exact language to use:

'I am invoking my Fifth Amendment right to remain silent. I will not answer questions without an attorney present.'

Say it once. Clearly. Then stay silent.

You do not need to explain. You do not need to justify. This right exists specifically for moments like this — use it.

STRATEGY NOTE

End Week 2 with a moment of human connection. One honest post about who built this, why, and what it costs (nothing — to users and almost nothing to run). The solo founder story is genuinely differentiating and earns trust. Keep it Stoic — no self-pity, no hype. Just facts and forward motion.

KITTL PROMPT (paste after Global Style Block)

Structured recap card on deep navy (#0A1628). Top headline: 'TWO WEEKS.' in heavy condensed gold (#C9982A) all-caps, large, left-aligned. Below gold 2px rule: a compact facts list in white light sans, left-aligned, each item preceded by a gold dash (—): '— 1 builder.' / '— 0 outside funding.' / '— 0 investors.' / '— 2 languages.' / '— 1 goal: everyone deserves to know their rights.' Below a second thin gold rule: small white italic serif — 'Week 3 starts now.' Bottom-left: 'safeneighbor.us' in gold monospace. Mood: A stoic progress report. No celebration. Just the record.

CAPTION

Two weeks in. Here's the honest accounting:

— Built by one person — No outside funding — No investors, no ads, no agenda — Available in English and Spanish — Free forever — Dedicated to Renée Good and Alex Pretti

SafeNeighbor exists because the gap it fills is real — and because someone had to build it.

If it serves you, share it. That's the whole business model.
